

NIGEL BALL, PHD

CURRENT POSITIONS

Nox Health, Program Manager

Extensive expertise as a strategic member of leadership teams. Recognized as a visionary with the ability to serve as a catalyst for specialty departments, especially sleep medicine, for growth, margin and engagement. Demonstrated skill at establishing rapport and credibility with contributing groups including providers, managers, caregivers, and IT/ developers. Solution-oriented, with a proven focus toward service and integrity. Being Board-certified in Sleep Medicine and with years of clinical experience, I understand provider and patient needs. My key competencies include:

- Metric-driven performance
- Double-digit growth and optimization
- Mentorship
- Dyad relations with medical directors
- Digital competence / AI champion
- Quality / Reputation

PROFESSIONAL EXPERIENCE

Swedish Health Services, Director, Medical Specialties

Swedish Health Services, Director, Swedish Sleep Medicine

Directed, grew and optimized more than eight Medical Specialty programs with 35+ providers over 12 geographic locations and 160+ caregivers through a time of significant change and upheaval. Improved, or initiated improvement, in all key metrics.

Strategic directions were to grow market share, bring services closer to local referrers, optimize digital workflows, and develop relationships with outside referrers and affiliates. This was accomplished with strong partnerships with medical directors, and a respect and appreciation for providers and caregivers.

ADDITIONAL RELEVANT EXPERIENCE

Vice-Chairman of the Board, Performance Home Medical

Fellow of the American Academy of Sleep Medicine

Active participation in the PSJH Clinical Decision Team for Sleep Medicine over 7 states.

Previously, I have directed Sleep Programs at Virginia Mason Medical Center, Seattle, Wa. and Baptist Medical Center in Little Rock, Ark.

EDUCATION
